

Candidate Information Sessions

Those interested in nominating for the November 2008 council elections are invited to attend a Candidate Information Session. These sessions, being hosted by councils in partnership with the MAV, will provide attendees with information such as the role of local government and councillors. It will also introduce prospective councillors to the electoral process and provide them with information to determine their interest. Current councillors from neighbouring municipalities will share their experiences on why they became a councillor, what is rewarding, what is difficult, what are the time commitments and the importance of team work.
